Cincinnati, Ohio-Concincing Evidence. For more than three years I have been suffering bones and joints. I have strictly followed the advice of physicians, and at other times used such family medicines as had been recommended for the cure of rheamanism; still I did not improve in the least, and was frequently compelled to keep my bed, and thereby was prevented from attending to my business. Some weeks ago I was induced by a friend to try Carter's Spanish Mixture. The effect was miraculous. I felt considerably improved after I had taken the fourth dose; I have only used one since bottle, and am entirely free form all one single bottle, and am entirely free from all pain. I feel better than I have felt for years, and I stiribute my completely-restored health solely to the use of Carter's Spanish Mixture. I consider it a most excellent medicine for theumatism and all diseases of the blood, and cheerfully recommend it to the afflicted.
